Qty	Length	ID	HEEL						
			WEB						

The purpose of this leaflet is to demonstrate the use of the Order Form for Purlins & Rails. Above is a section of the Purlin & Rails Order Form. The information filled in relates to the purlin drawn underneath which has been transcribed for explanatory purposes. The terms "HEEL" and "WEB" relate to the cross section and are labelled below. Holes are defined by their location and the distance from the start of the member. 18mm holes are circled and slots underlined.

NOTE: THE STANDARD HOLE SIZE FOR ALL HOLES IRRESPECTIVE OF LOCATION IS 14MM. AN 18MM HOLE HAS BEEN INCLUDED BELOW FOR ILLUSTRATIVE PURPOSES ONLY.

12 required marked Z-5

Notes:
